**ZONING ADMINISTRATOR
NOTICE OF HEARING ON
APPLICATION FOR ZONING VARIANCE**

Notice is hereby given to the general public and to owners of the subject property and other property within 300 feet that an application for variance under the Planning Code as described below has been filed with the Zoning Administrator and will be considered at a PUBLIC HEARING to be held on the date, time, and place listed on the first page of this Calendar:

A. CONSENT CALENDAR

All items listed hereunder constitute a Consent Calendar and are considered to be routine by the Zoning Administrator. There will be no separate discussion of these items unless a member of the public so requests, in which case the matter shall be removed from the Consent Calendar and considered as a separate item at this time or at a future hearing.

- 2016-011226VAR** (CATHLEEN CAMPLELL)
1631 CHESTNUT STREET, Lot 001C in Assessor's Block 0495 in a RH-3 (Residential-House, Three-Family) Zoning District and a [40-X] Height and Bulk District.

EXPOSURE VARIANCE SOUGHT: The proposed project is to add an Accessory Dwelling Unit at the ground floor level of an existing 4-story, 15-unit residential building undergoing seismic retrofitting.

PER SECTION 140 OF THE PLANNING CODE the subject property is required to have windows of each unit face directly on an open area no less than 25 feet in every horizontal dimension, with an increase of five feet in every horizontal dimension at each subsequent floor immediately above. The dimensions of the open area may be reduced to 15 feet in width and depth for Accessory Dwelling Units. The subject property has a 13'-9 X 49' 9" rear yard; the proposed accessory dwelling units will face onto the rear yard, which is less than the minimum 15 foot open area required for reduced dwelling unit exposure, thereby requiring an exposure variance.

ARCHITECTURAL PLANS: The site plan and elevations of the proposed project are available on the Planning Department's website at: <http://notice.sfplanning.org/2016-011226VAR.pdf>.

- 2016-013615VAR** (JEFFREY HORN)
51 BEAVER STREET, Lot 046 in Assessor's Block 3561 in a RH-2 (Residential - House, Two Family - Detached) Zoning District and a 40-X Height and Bulk District.

REAR YARD VARIANCE SOUGHT: Project proposes to convert an existing 1-story "painter's shed" to habitable space as an accessory to the main dwelling. The structure will not be a separate dwelling unit.

PER PLANNING CODE SECTION 134, the subject property is required to maintain a rear yard setback of approximately 47 feet, 8 inches. The existing building extends 17 feet, 11 inches into the rear yard from the rear property line and the conversion from a work shop to residential is considered to be an intensification of the non-complying structure; therefore a variance is required.

ARCHITECTURAL PLANS: The site plan and elevations of the proposed project are available on the Planning Department's website at: <http://notice.sfplanning.org/2016-013615VAR.pdf>.

B. REGULAR CALENDAR

3. **2015-007232VAR** (ANDREW PERRY)
3851 MARKET STREET, Lot 009 in Assessor's Block 2777 in a RH-2 (Residential House - Two-Family) Zoning District and a 40-X Height and Bulk District.

REAR YARD VARIANCE SOUGHT: The proposal seeks to legalize a 2-story deck structure at the rear of the building, with minor modifications including pulling the deck off the southern side property line by approximately 3.5 feet to align with the edge of the building.

PER PLANNING CODE SECTION 134, the subject property is required to maintain a rear yard of between 19.5' and 24' (given the irregular rear property line). The two-story deck proposed for legalization encroaches approximately 5' into the required rear yard; therefore a variance is required.

ARCHITECTURAL PLANS: The site plan and elevations of the proposed project are available on the Planning Department's website at: <http://notice.sfplanning.org/2015-007232VAR.pdf>.

4. **2015-003259VAR** (ANDREW PERRY)
1649 WASHINGTON STREET, Lot 024 in Assessor's Block 0620 in a RM-2 (Residential-Mixed, Moderate Density) Zoning District and a 65-A Height and Bulk District.

REAR YARD VARIANCE SOUGHT: The proposal seeks to legalize a 3-story deck structure that was built without permit.

PER PLANNING CODE SECTION 134, the subject property is required to maintain a rear yard of approximately 49 feet. A 1-story popout

structure with deck above was constructed with permit, and then subsequently an additional 3-story deck (two additional floor levels of decking) was constructed without permit above the pop-out, and does not conform to the listed permitted obstructions in Section 136. This project seeks to legalize this deck structure; therefore a variance is required.

ARCHITECTURAL PLANS: The site plan and elevations of the proposed project are available on the Planning Department's website at: <http://notice.sfplanning.org/2015-003259VAR.pdf>

5. **2015-015278VAR** **(ANDREW PERRY)**
1244 LARKIN STREET, Lot 010 in Assessor's Block 0278 in the Polk Street Neighborhood Commercial District (NCD) and an 80-A Height and Bulk District.

REAR YARD MODIFICATION VARIANCE SOUGHT: The proposal is to construct a 2-story vertical addition, which will contain 3 residential dwelling units, to the existing 2-story building which does not contain residential uses and has 100% lot coverage. The vertical addition is set back from the front of the building, but extends to the rear property line.

PER PLANNING CODE SECTION 134, the subject property is required to maintain a rear yard of 20'-7.5" at the lowest level containing a residential dwelling unit. The project includes new residential uses and a comparable amount of usable open space is provided elsewhere on the lot, will not significantly impede access of light and air or views from adjacent properties, and will not adversely affect interior block open space formed by adjacent properties; therefore, the project is eligible for a rear yard modification.

ARCHITECTURAL PLANS: The site plan and elevations of the proposed project are available on the Planning Department's website at: <http://notice.sfplanning.org/2015-015278VAR.pdf>.

6. **2016-014950VAR** **(DANIEL SIROIS)**
309 RUTLEDGE STREET, Lot 029 in Assessor's Block 5541 in a RH-1 (Residential House, One-Family) Zoning District and a 40-X Height and Bulk District.

REAR YARD VARIANCE SOUGHT: The proposal is to demolish the last 26-feet of the subject dwelling, construct a new two-story rear addition, and restore the historic structure at the front of the lot. The subject project was initially proposed and approved in 2007 (Case No. 2005.0725V); however, the project was not completed.

PLANNING CODE SECTION 242(e)(2)(A) requires a rear yard of 29 feet, 6 inches on this property. The existing rear yard is 13 feet, 4 inches. The project proposes a rear yard of 6 feet 4 inches and therefore

requires a rear yard variance.

PLANNING CODE SECTION 242(e)(3) requires that 650 square feet of usable floor area be deleted from the permissible envelope of the building to satisfy mass reduction requirements. The proposed building projects beyond the permissible envelope at the rear and; therefore, requires a mass reduction variance.

PLANNING CODE SECTION 242(e)(4)(A)(iii) permits the Zoning Administrator to waive parking requirements if the building's historic façade is maintained. A waiver for two spaces is proposed for the existing historic structure.

ARCHITECTURAL PLANS: The site plan and elevations of the proposed project are available on the Planning Department's website at: <http://notice.sfplanning.org/2015-006105VAR.pdf>.

7. **2016-013865VAR** **(DAVID WEISSGLASS)**
2137-2139 GROVE STREET, Lot 033 in Assessor's Block 1193 in a RH-2 (Residential - House, Two Family) Zoning District and a 40-X Height and Bulk District.

REAR YARD VARIANCE SOUGHT: The proposal is a partial demolition and reconstruction of a three-story rear extension including living spaces and decks. The project also includes interior alterations of both units, the addition of a new bedroom on the ground floor, and the addition of a new firewall between the subject property's rear deck and the rear deck of the neighbor to the east.

PER PLANNING CODE SECTION 134, the subject property is required to maintain a rear yard of 61 feet 10 inches. The existing building is noncomplying, as a portion of the existing building encroaches approximately 13 feet 5 inches into the required rear yard. The proposed project furthers the noncompliance by laterally expanding this portion on the first, second, and third story (the project will not encroach further into the rear yard than the existing building). Therefore, the project requires a rear yard variance.

ARCHITECTURAL PLANS: The site plan and elevations of the proposed project are available on the Planning Department's website at: <http://notice.sfplanning.org/2016-013865VAR.pdf>.

8. **2016-012851VAR** **(LAURA AJELLO)**
315 - 16TH AVENUE, Lot 002 in Assessor's Block 1448 in an RH-2 (Residential, House, Two-Family Zoning Description) Zoning District and a 40-X Height and Bulk District.

REAR YARD VARIANCE SOUGHT: The proposal is to remove a non-complying deck and stairs and construct a two-story addition at the rear of a three-story, single-family house that already extends into the

required rear yard. The proposed addition would not extend further into the required rear yard than the existing building.

SECTION 134 OF THE PLANNING CODE requires the subject property to provide a rear yard of 26 feet, 6 inches. As the proposed addition would extend to within 23 feet, 6 inches of the rear property line, a variance from the rear yard requirement is required.

ARCHITECTURAL PLANS: The site plan and elevations of the proposed project are available on the Planning Department's website at: <http://notice.sfplanning.org/2016-012851VAR.pdf>.

9. **2016-010657VAR** (LINDA AJELLO-HOAGLAND)
2963 - 21ST STREET, Lot 3613 in Assessor's Block 033A in a RH-3 Zoning District and a 40-X Height and Bulk District.

REAR YARD VARIANCE SOUGHT: The proposal is to construct a new rear yard deck and stairway to an existing 2-story (1-story over basement) single-family dwelling.

PER SECTION 134 OF THE PLANNING CODE, the subject property is required to maintain a rear yard of approximately 42 feet, 9 inches. Currently, the existing building encroaches into the required rear yard. Because the proposed rear deck and stairway would encroach an additional 9 feet into the required rear yard (to within 23 feet of the rear property line), a variance is required from Planning Code Section 134.

ARCHITECTURAL PLANS: The site plan and elevations of the proposed project are available on the Planning Department's website at: <http://notice.sfplanning.org/2016-010657VAR.pdf>.

10. **2016-012551VAR** (NATALIA KWIATKOWSKA)
1565 EUCALYPTUS DRIVE, Lot 034 in Assessor's Block 7270 in a RH-1(D) (Residential - House, One Family - Detached) Zoning District and a 40-X Height and Bulk District.

STREET FRONTAGE VARIANCE SOUGHT: The proposal is to add a second garage opening at the front façade of the existing single-family residence.

PER PLANNING CODE SECTION 144, entrances to off-street parking are limited to one-third of the width of the ground story along the front building wall, which is 8 feet 5 inches in width for the subject property. The existing garage entry is 8 feet 5 inches wide. The project proposes to add a second garage entry 8 feet 5 inches in width, for a total of 17 feet devoted to entrances to off-street parking; therefore, a variance is required.

ARCHITECTURAL PLANS: The site plan and elevations of the proposed project are available on the Planning Department's website at: <http://notice.sfplanning.org/2016-012551VAR.pdf>.

11. **2016-010229VAR** (SEEMA ADINA)
175 TWIN PEAKS BLVD, Lot 032 in Assessor's Block 2705 in a RH-1 (Residential-House, One Family) Zoning District and a 40-X Height and Bulk District.

REAR YARD VARIANCE SOUGHT: The proposal is to construct a second floor deck at the rear of the existing 3-story, single-family dwelling. The deck will extend approximately 7 feet towards the rear property line along a portion of the southwestern façade.

PER PLANNING CODE SECTION 134, the subject property is required to maintain a rear yard of approximately 15 feet. The proposed deck would encroach approximately 7 feet into the required rear yard at the second floor, resulting in a rear yard of 8 feet; therefore, the project requires a variance from the rear yard requirement of the Planning Code.

ARCHITECTURAL PLANS: The site plan and elevations of the proposed project are available on the Planning Department's website at: <http://notice.sfplanning.org/2016-010229VAR.pdf>.

12. **2016-010343VAR** (SYLVIA JIMENEZ)
2523 STEINER STREET, Lot 001A in Assessor's Block 0586 in a RH-1 (Residential-House, One Family) Zoning District and a 40-X Height and Bulk District.

REAR YARD VARIANCE SOUGHT: The proposal is to construct a rear horizontal addition on the third and fourth floors and a front horizontal addition on the fourth floor of the existing four-story, single-family residence.

PER SECTION 134 OF THE PLANNING CODE, the subject property is required to maintain a rear yard of 15 feet. Currently, the existing building encroaches entirely into the required rear yard to the rear property line at the ground and second floors. The proposed rear horizontal addition at the third and fourth floors would encroach approximately 9 feet 6 inches into the required rear yard at the third level and 6 feet 6 inches at the fourth level; therefore, the project requires a variance.

ARCHITECTURAL PLANS: The site plan and elevations of the proposed project are available on the Planning Department's website at: <http://notice.sfplanning.org/2016-010343VAR.pdf>.

CEQA Appeal Rights under Chapter 31 of the San Francisco Administrative Code

If the Zoning Administrator's or Commission's action on a project constitutes the Approval Action for that project (as defined in S.F. Administrative Code Chapter 31, as amended, Board of Supervisors Ordinance Number 161-13), then the CEQA determination prepared in support of that Approval Action is thereafter subject to appeal within the time frame specified in S.F. Administrative Code Section 31.16. This appeal is separate from and in addition to an appeal of an action on a project. Typically, an appeal must be filed within 30 calendar days of the Approval Action for a project that has received an exemption or negative declaration pursuant to CEQA. For information on filing an appeal under Chapter 31, contact the Clerk of the Board of Supervisors at City Hall, 1 Dr. Carlton B. Goodlett Place, Room 244, San Francisco, CA 94102, or call (415) 554-5184. If the Department's Environmental Review Officer has deemed a project to be exempt from further environmental review, an exemption determination has been prepared and can be obtained on-line at <http://www.sf-planning.org/index.aspx?page=3447>. Under CEQA, in a later court challenge, a litigant may be limited to raising only those issues previously raised at a hearing on the project or in written correspondence delivered to the Board of Supervisors, Planning Commission, Planning Department or other City board, commission or department at, or prior to, such hearing, or as part of the appeal hearing process on the CEQA decision.
